

Protect Business Valuables with **LocateMy Asset**

LocateMy Asset uses Australia's first technology to keep track of anything important to your business.

LocateMy Asset instantly tracks any off-site equipment, providing added security, whether you run a car yard, a hire company or a limousine service.

In fact, any business owner with off-site assets can sleep easy, for under \$230.

For example, factory owners can use **LocateMy Asset** to keep track of everything from machinery and forklifts to company vehicles.

Powered by battery or a 12v power source, **LocateMy Asset** is a compact piece of equipment (smaller than a pack of cards!) that can be attached to anything from fleet vehicles to on-site machinery and even assets without power or engines, such as industrial bins.

With **LocateMy Asset**, you also have added safety for your field staff: find a fleet vehicle and you immediately know where your employee is.

Simply visit www.locatemyphone.com.au, click on 'Locate' and you get an instant map reading, locating your asset to within 200mⁱ.

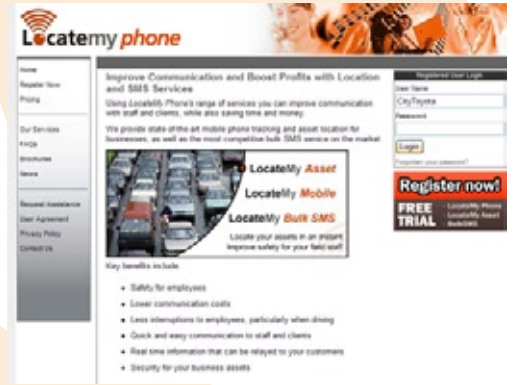

DON'T LET THIS HAPPEN TO YOUR BUSINESS

Tow truck stolen
POLICE are investigating the theft of thousands of dollars worth of industrial equipment from two neighbouring businesses at Acacia Ridge on Brisbane's southside on the weekend. The thieves stole a tow truck as well as an earth moving tractor and a number of ride-on mowers on Sunday between 6am and 9.30am.
